However, we do not agree with implementing this change in 20 May 2019. This is too soon after the B2B Procedure "life support" changes to implement. We recommend deferring this system change to implementation date of the DER register or to align with MSATS Standing Data review changes later in 2019.

Further, it is disappointing this change this and similar changes in the MSATS v4.6 were not incorporated into the 1 Dec 2017 Power of Choice changes. IT</td></tr>
