Subject: Application to include 2 x Philips Street Luminaires and 2 x Flood Lights onto AEMO Load Table

Dear David,

Philips Lighting has been invited to seek inclusion of the following Streetlight and Floodlight luminaires in the NEM load table by the ACT Government, per the attached letter.

The following fittings are being put forward for inclusion:

Description	Average Tested Wattage
BVP381 100W	101.24W
BVP382 200W	202.90W
BRP392 130W	127.14W
BRP711 36W	36.23W

The following documents have been included in this submission:

- Supporting document from ACT Government – requesting inclusion onto AEMO load table
- LCP – Tango BVP381 100W: 171230LCP\_100WTango.pdf
- LCP – Tango BVP382 200W: 171231LCP\_200WTango.pdf
- LCP – Roadflair BRP392 130W: 171232LCP\_130W.pdf
- LCP – Roadgrace BRP711 36W: 180109LCP\_36W.pdf
- Datasheet for Roadflair Streetlight luminaire
- Datasheet for Roadgrace Streetlight luminaire
- Datasheet for Tango Flood Light

Philips Lighting Australia Limited

65 Epping Road  
North Ryde NSW 2113  
Australia

The luminaires were tested using a NEMA base shorting cap, and the PE Cell load was not included in the Test Reports.

Each luminaire will have marking complying with TS 1158.6. This will be achieved by placing a label with indelible ink on an area of the luminaire that is visible when the luminaire is installed.

I appreciate your assistance with this application for inclusion onto the AEMO Load table.

Kind Regards,

***Jacek Lipiec***
