Participant Name	Old Clause No	New Clause No	Comments

4. Own Way Notification

Participant Name	Old Clause No	New Clause No	Comments

5. Technical Delivery Specification

Participant Name	Old Clause No	New Clause No	Comments

6. Option and commentary for long term solution

Acumen is in support of Option 2 – Central Repository. Given the other market challenges facing us in the future i.e 5 minute interval data and the need for market information to be more closer to real time, it makes sense for this opportunity to be explored, potentially as part of the broader Standing Data objective. It also ties in very nicely with MC's being able to conduct NMI discovery.
