Submission

Clause 2.10.7 of the Wholesale Electricity Market Rules provides that any person may make a submission for a Procedure Change Proposal (including proposals developed by AEMO, the Economic Regulation Authority or the Rule Change Panel) by completing this Procedure Change Submission form.

Submissions should be provided by email to the nominated contact in the call for submissions published with the Procedure Change Proposal.

Please provide your views on the Procedure Change Proposal, including any objections or suggested revisions

Under step 2.1.5, AEMO may, at the Market Participant's expense, consult with any person AEMO considers suitably qualified to provide an opinion on the Reserve Capacity Performance Report and Reserve Capacity Performance Improvement Report.

Bluewaters considers the AEMO should exercise care to ensure that such expense will be incurred in a prudent manner. That is, AEMO should follow the best industry practice for procuring the service of this person to ensure pricing competitiveness.

Bluewaters considers the procedure should reflect the above.

Please provide an assessment whether the Procedure Change Proposal is consistent with the Market Objectives and the Wholesale Electricity Market Rules.

No comment.

Please indicate if the Procedure Change Proposal will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Limited impact.

Please indicate the time required for your organisation to implement the changes, should they be accepted as proposed.
