Attn: Mr David Ripper
Senior Metrology Engineer

Dear Mr Ripper

re: Application to include the Pierlite Greenstreet LED Roadway product in the National Electricity Market Load Table.

We request consideration for the Pierlite Greenstreet LED to be included in the National Electricity Market Load table for unmetered loads.

In brief, the product is a nominal 26 watt LED streetlight luminaire designed for use in accordance with AS1158 applications. Product marking and the inability to adjust the optical and or system performance of the product post production, is in accordance with AS1158 requirements.

The requested load value at 240 volt operation is 26.6 watts.
