Dear Michelle,

Re: Trial of LED Street Lights

Endeavour Energy is interested in trialling the following Lightsense products for various road categories with the objective of reducing energy consumption:

RL2R028 – 60w
RL2R042 – 90W
RL2R056 – 120W
RL2R070 – 150W
RL2R084 – 180W
RL2R098 – 210W
RL2R112 – 240W
RL2R126 – 270W
RL2R140 – 300w

Kindly proceed with the measurement of electrical loads for these fittings and submit to AEMO for them to be considered for future replacement of less efficient light sources in our franchise area.

Kindly advise us as soon as these fittings have been tested and included in the AEMO Load Table.

If you have any questions on the subject you may contact me electronically at Amitabh.Shukla@endeavourenergy.com.au or on mobile 0401 719 939.

Yours faithfully,

Amitabh Shukla
