Mr Hitesh Solanki  
GE Lighting Australia  
32 Phillip Street  
Parramatta, NSW 2150

Dear G Hitesh

**AEMO Load Table**

Essential Energy intends to install the following new light source in the Northern Inland Councils who received CEEP funding with the aim of reducing energy use and greenhouse emissions.

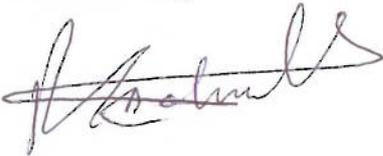

**Evolve P4P5 Fixture**

- **GE Evolve P4P5 25W LED Streetlight Fitting**

We wish to use the above lighting product for public street light network in NSW, that has been identified for possible use in the upcoming roll out of LEDs in the Northern Inland councils and we would require these to be included in the AEMO Load tables.

The intended implementation timeframe for installation would February 2015 and such we respectfully request that the above mentioned product be included in the AEMO load tables.

Yours sincerely

A handwritten signature in black ink, appearing to read "Remko Verschuur".
