PUBLISHED: 15 FEBRUARY 2022

Modified Load Export Charges For 2022–23

From 1 July 2015, Transmission Network Service Providers (TNSPs) recover from neighbouring regions the costs associated with the use of assets considered to support inter-regional flows.

AEMO is the Co-ordinating Network Service Provider for Victoria and is required to publish details of all modified load export charges (MLEC) to apply for the following financial year under clause 6A.24.2(b) of the National Electricity Rules (NER) in accordance with the Pricing Methodology Guidelines published by the Australian Energy Regulator.

AEMO has calculated the MLEC to apply from 1 July 2022 to 30 June 2023 in respect of energy exported from Victoria in accordance with clause 6A.29A.2 of the NER as detailed in Table 1.
