Dear Terry,

**Submission of Louis Poulsen Orbiter Mini LED and LED Retrofit Kit for inclusion on the National Load Table**

The City of Adelaide would like to install **Louis Poulsen Orbiter Mini LED and Orbiter Mini LED Retro-fit Kits** to a council unmetered public lighting circuit.

For City of Adelaide to connect these luminaires to an unmetered arrangement, we understand that these luminaires will need to be included on the National Electricity Market (NEM) load table through the Australian Energy Market Operators (AEMO).

The City of Adelaide fully supports Pecan Lighting's actions to include the following luminaires on the national load table:

**Louis Poulsen Orbiter Mini LED 42w Post Top Luminaire.**

**Louis Poulsen Orbiter Mini LED 36w Retro-fit Kit.**

If you have any questions, please feel free to contact me on 8203 7493.

Yours sincerely
