Philips Lighting  
Ground Floor Building 5  
Gateway Office Park 747 Lytton Road Queensland 4172

Attention Andrew Chase

Dear Mr. Chase

**Formal request for the Philips Lighting to proceed with AEMO load table application**

Energex would like the option of using the LED streetlights on their network for areas where LED streetlights are required. We, therefore, are requesting Philips Lighting submit the appropriate data to AEMO to enable the following to be added to their load tables:

- 1) BVP38x 70W

Please proceed with this application at your earliest convenience as this matter is urgent and please keep me up to date with progress on the application.

If you have any queries or require any further information then please contact myself on 3664 4797.

Yours sincerely

Paul Relf  
Network Standards Technical Officer
