MELBOURNE VIC 3000

Dear Sir/Madam

City of Gold Coast LED Lighting Fleet

The City of Gold Coast looks for advancements in LED output to realise the benefits of reduced energy usage, costs and road performance.

The following light sources will be installed on City of Gold Coast roads.

Aldridge Traffic System fLud series

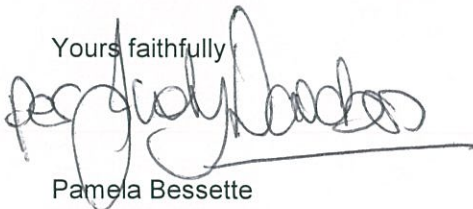

FU.S.80W
FU.S.100W
FU.S.120W
FU.M.150W
FU.M.200W
FU.M.240W
FU.L.300W
FU.L.360W
FU.L.400W
FU.L.480W

To introduce these luminaires into the public lighting network in Queensland, the device load for the afore-mentioned luminaires must be included in the AEMO load table.

Aldridge Traffic Systems Flud Light will be On/Off switched via Timer Controlled in accordance to AEMO Metrology Procedure Part B.

Please confirm that you will move to initiate the inclusion of the luminaires in the AEMO load table and advise when it has been published.

Yours faithfully

Pamela Bessette
Executive Coordinator
For Energy Management Program
Office of the Chief Executive Officer
Council of the City of Gold Coast
