Dear Ms Sahlman

RE: LED lamps for street lighting

The ACT Government (Transport Canberra and City Services Directorate) is interested in using the following Sylvania luminaire on P category roads:

- Sylvania Orbital 18W
- Sylvania Orbital 29W

To introduce these luminaires into the public street light network in ACT, the device load for each must be included in the AEMO load table. Kindly proceed with the measurement of electrical load of these luminaires through AEMO for inclusion on the National Electricity Market Load Tables (Unmetered Loads).

Kindly advise us as soon as each has been load tested by AEMO and included in the AEMO load table.

If you have any questions on the subject, please contact MsNoreen Vu, Assistant Director, Environmental Services electronically at Noreen.Vu@act.gov.au or 0434 780 039.

Yours sincerely

Ken Marshall
Executive Branch Manager
Roads ACT
