Subject: Inclusion of Lunio LED lights in the AEMO NEM load table

Dear Ian,

City of Holdfast Bay supports the proposal to use the **Lunio** series LED luminaires, 35 Watts, and request that these luminaires be included on the **AEMO NEM load table** as unmetered connection points within the guidelines. These luminaires are to be used for the **Cygnnet court** project. The following variations may be used.

Lunio luminaires without PE cells

Lunio luminaire with PE cells.

Yours sincerely,

Mathew Walsh

Buildings and Facilities Manager
