Dear David

RE Application for inclusion of Connected Light Solution GE 21 W LED Lamp

Energy Queensland Ltd intend to use the following LED retrofit lamp from Connected Light Solutions and request consideration from the Australian Energy Market Operator for inclusion in the National Electricity Market Load Tables for Unmetered Connection Points in accordance with the Unmetered Load guidelines.

Energy Queensland understands and accepts that the existing MV ballast needs to be removed or bypassed to achieve the GE LED 21 W lamp's correct load consumption.

Device Type: GE LED 21W HID LAMP E27 4000K
Model #: S27729
