David Ripper

Senior Metrology Engineer

Australian Energy Market Operator Ltd.

500 Collins Street

Melbourne VIC 3000

Dear David,

Aldridge Traffic Systems would like to submit our COMO.P 14W LED luminaire for inclusion to the NEM load table in accordance with clause 14 of the NEM Metrology procedure Part B. Listed per below:

Catalogue Number	Description	Load	Identification / Markings
COMO.P 14W	Aldridge COMO PLED 14W LED Street Light	19.2889W	L14 YY (Year of manufacture)

- Please find attached
 - 1) Formal request from City of Port Adelaide Enfield requesting the luminaire to be placed on the AEMO load table
 - 2) LCP test report
 - 3) Product datasheet.
- The load value is reported from TUV report# AU212IB2_001
- The proposed method of control of the luminaire is via timer controlled in accordance to AEMO Metrology Procedure Part B.

Yours Sincerely

JooHong Min

Aldridge Traffic Systems
