

Acknowledgement Notice

In response to the Australian Energy Market Operator’s call for tenders for Supplementary Capacity for the 2024-25 Hot Season dated 7 August 2024, we hereby offer to provide Supplementary Capacity in accordance with the Tender Guideline and associated documents, including the attached completed Tender Form submitted with this Tender.

Representations and warranties

We represent and warrant that:

- all information in our tender is true and correct;
- we have examined and understood the Tender Guideline, any Addendum issued under this Tender Process, the WEM Rules (as applicable to Supplementary Capacity), and any other information available to us in respect of this Tender Process; and
- we have examined and understood all the terms of the standard-form Supplementary Capacity Contract that relates to the Supplementary Service for which we are applying.

Undertakings

We undertake that:

- we will comply with all timelines for this Tender Process set out in the Tender Guideline document; and
- we will not publish any media statements regarding the Tender Process until AEMO confirms to us in writing that the Tender Process is complete and that it has published information regarding each Supplementary Capacity Contract on the WEM Website as required by clause 4.24.11B of the WEM Rules.
