

## Notice to GSH Members

### **Notice to all Registered Participants (Participants) under the National Gas Rules (NGR)**

This notice advises all Participants and other interested stakeholders on AEMO's decision to amend the implementation date of changes to:

Gas Supply Hub Exchange Agreement

The changes to Gas Supply Hub Exchange Agreement seek to:

- Implement location SWAP products
- Include EGP and UGS GSH Trade Points
- Make administrative changes

The notice of decision was published by AEMO on 14 May 2024 to proceed with the proposed changes with an original implementation date of 11 July 2024.

Due to technical issues found during testing of the new functionality the implementation date provided in the determination has been delayed.

The changes will be incorporated in version 17 of the Gas Supply Hub Exchange Agreement. As required by the Gas Supply Hub Exchange Agreement clause 3.3(e), AEMO informs Participants that version 17 of the Gas Supply Hub Exchange Agreement will now be effective from 14 November 2024 or such other date as notified by AEMO.

Notice date: 10 July 2024
