1. Context

This template is to assist stakeholders in giving feedback about the changes detailed in the initial draft procedures associated with the Metering ICF Package Changes consultation.

The changes being proposed are because of NER rule changes which have occurred requiring changes to AEMO's Retail Electricity Market Procedures and the following proposed changes by proponents and AEMO to implement recommended process improvements.

2. MSATS Procedures: CATS

Section	Description	Participant Comments
2.4.(s)	Updated to include a new sub clause(s) for obligation on MDP to provide relationship mapping between Register ID and Datastream Suffix.	We need clarification on what is meant by NMI suffix and we need clarification from AEMO as to what this requirement is referencing to. It is important to note that 7/12/2020 is when this document is finalised, and until then we will not know for sure that ICF 029 will still be a part of the changes.
