## 1. Context

This template is to assist stakeholders in giving feedback about the amalgamation of the MSATS CATS Procedure and the MSATS WIGS Procedure into a single document.

## 2. Feedback on MSATS CATS and WIGS Amalgamated Document: MSATS Procedures: Principles and Obligations for All Connection Points

WIGS Section Number MSATS Procedures - WIGS v5.71	Amalgamated into Section Number MSATS Procedures: Principles and Obligations for All Connection Points v6.0	Participant Comments
1.1. Purpose and Scope	1.1. Purpose and Scope	Agree – might consider adding the following for emphasis  'for all Connection Points ( <a href="#">wholesale and retail</a> ) ...'
1.2. Definitions and Interpretation	1.2. Definitions and Interpretation	Changes Noted. No Comment
1.3. Commencement of Changes	1.4. Commencement of Changes	Changes Noted. No Comment
1.4. WIGS Codes and Rules for a Change Request	4. Codes and Rules for a Change Request	Changes Noted.  The NMI classifications in Table 4-D are no longer alphabetical – suggest updating the categories for this version.
1.5. Related documents	1.5 Related documents	Changes Noted. No Comment
2.1. Change Retailer	6.1. Change Retailer	Changes Noted. No Comment

2.2. Error Corrections	6.2. Error Corrections	<p>Changes Noted.</p> <p><b>P48 NMI Classifications in Table 6-F other than those in Table 6-HG</b></p> <p><b>P49 All NMI Classifications in Table 6-F other than those in Table 6-J</b></p> <p>These headings should be removed and the specific NMI classifications clearly called out. Its very confusing trying to work out what is / is not covered.</p>
3.1. Provide Actual Change Date	8.1. Provide Actual Change Date	<p>8.1.2 (d)</p> <p>Table 8A would be more useful is the full list of NMI classifications (per table 4D) was used and the appropriate YES/NO's provided. As it is, you have to cross check two tables to identify the variances.</p> <p>8.1.4 would then be updated to</p> <p>'The MDP must for all NMI Classifications in Table 8-A <a href="#">flagged as YES:...</a>'</p> <p>8.1.5 Typo – <b>Table 8-B</b></p>

WIGS Section Number MSATS Procedures - WIGS v5.71	Amalgamated into Section Number MSATS Procedures: Principles and Obligations for All Connection Points v6.0	Participant Comments
4.1. Create NMI	9.1. Create NMI	Table 9A / Table 9-M do not have the NMI categories ordered as per Table 4D – suggest the NMI category tables be kept consistent throughout the document
4.2. Create Child NMI	9.2. Create Child NMI	Changes Noted. No Comment
4.3. Create NMI, Metering Installation Details and NMI Datastream	9.3. Create NMI, Metering Installation Details and NMI Datastream	9.3.6 – referring to a sub list of NMIs makes it very hard to identify the NMIs where the obligation does not exist.
5.1. Create and Change External Profile Shape	10.1. Create and Change External Profile Shape	Changes Noted. No Comment
5.2. Create Metering Installation Details	11.1. Create Metering Installation Details	11.1.2 Table 11-A - see earlier comment. Prefer a complete list fo NMI classifications suitably tagged YES/NO
5.3. Exchange of Metering Information	11.2. Exchange of Metering Information	11.2.3 - Table 11-E - see earlier comment. Prefer a complete list fo NMI classifications suitably tagged YES/NO

General Comment		<p>Some of the drafting creates an unnecessary complexity for staff not as conversant with the CATS procedures.</p> <p>There are various sub-tables within the chapters for different CRs. It might be worth producing (even if its A3) an overall table of NMI classifications / CRs – in a similar vein as Table 17.</p>

### 3. Other Procedures' Updates

Procedure Name	Description of Changes	Participant Comments
Retail Electricity Market Procedures – Glossary and Framework v4.3	References to MSATS CATS and WIGS Procedures and the MSATS Procedures Suite is updated to refer to the new amalgamated document “MSATS Procedures: Principles and Obligations for All Connection Points”.	<p>CI 2.4.1.</p> <p>This joining of clauses seems to place more emphasis on the wholesale processes than the retail processes. Propose:</p> <p>The MSATS Procedures <a href="#">apply to the management of all connection points and NMI categories, both wholesale and retail.</a></p> <p><del>End User transactions and to wholesale, interconnector, integrated resource system, bulk supply, cross boundary and generation connection points and sample data used in settlements.</del></p>
MSATS Procedures - MDM Procedure v4.7	References to MSATS CATS and WIGS Procedures are updated to refer to the new amalgamated document “MSATS Procedures: Principles and Obligations for All Connection Points”.	Changes Noted. No Comment

Procedure Name	Description of Changes	Participant Comments
Standing Data for MSATS v5.9	References to MSATS CATS and WIGS Procedures are updated to refer to the new amalgamated document “MSATS Procedures: Principles and Obligations for All Connection Points”. References to the CATS Standing Data will remain in the document as the references here are to the CATS database rather than to the CATS Procedure.	Changes Noted. No Comment
MSATS National Metering Identifier Procedure v7.3	References to MSATS CATS and WIGS Procedures are updated to refer to the new amalgamated document “MSATS Procedures: Principles and Obligations for All Connection Points”.	Changes Noted. No Comment
NMI Standing Data Schedule v1.2	The document is updated to the current Procedure template. References to MSATS CATS and WIGS Procedures are updated to refer to the new amalgamated document “MSATS Procedures: Principles and Obligations for All Connection Points”.	Changes Noted. No Comment

#### 4. Question – Version Number

Question	Participant Comments
1. Do you agree with the proposed version number of v6.0 for the amalgamated “MSATS Procedures: Principles and Obligations for All Connection Points” document or should it be given v1.0?	Either option is understandable, but a higher version number makes it clear that there are historical versions of the document.
