Submissions to the consultation are due 19 October 2020.

6. AER standing agenda item – Max Hooper, AER

Max Hooper (AER) noted two compliance items regarding the Day-Ahead Auction (DAA):

- The AER would be sending a notice to shippers requesting that they provide reasons for material renominations by the end of September. The AER will be sending these notices as entitled under NGR rule 666(4).
- The AER has noted a number of late auction quantity limits (AQLs) on the DAA. Max reiterated that if there are problems on the day that require a late AQL to be submitted, then that participant should contact the AER and AEMO to notify them that that is the case.

7. AEMC standing agenda item – Daniela Moraes, AEMC

Daniela Moraes (AEMC) noted that the AEMC expected to begin consultation on the DWGM Maintenance Planning Rule Change by late October, with the intent to publish a final rule by the end of 2020.
